## INVITATION LETTER

### We're Inviting You!

Health Care Reform promises to change health care in America for both consumers and providers. How will it change your practice and the family planning field? Stay until the end of the **23rd annual Contraceptive Technology Conference** and you'll find out as you hear Dr. Michael Policar, the go-to expert when it comes to how policy affects hands-on practice. Leading up to his must-hear presentation is an exciting agenda of need-to-know management updates on contraceptives and a variety of GYN conditions and problems. We give considerable attention this year to hormonal contraceptives, covering new formulations, efficacy, bleeding problems and other side effects, and non-contraceptive benefits (off-label, too!). As always, we provide insight into how to manage the tricky problems you'll see first thing back in the office on Monday morning—pelvic and vulvar pain, vaginitis, HPV, PCOS, and sex questions.

Our speakers will bring you the state-of-the-art, as well as the controversial, practice tips: from the latest developments in long-acting reversible methods and how today's key study findings guide pill management, to those touchy issues in adolescent contraception, expedited partner treatments, and whether there might really be a connection between contraception and mood disorders. You won't want to miss the **STI Update Preconference**, focusing on the highlights of the new *STD Treatment Guidelines*. And where else will you learn about the more off-beat dilemmas you frequently encounter? Tattoos and piercings, the real low-down on Vitamin D, Omega-3, and other supplements, and discerning any *significant* difference among the myriad of combined pill formulations.

If this is your first *Contraceptive Technology* conference, we welcome you to join us and the other attendees, many of whom have come to a dozen or more of these conferences over the years. If this is your twelfth, seventh or third conference with us, we look forward to seeing you again and to having great conversation about the clinical challenges you face. Everyone has the opportunity to engage with the authors of the eponymous reference, *Contraceptive Technology*, and with the leading clinicians and researchers we've invited to present.

Last, and most critical, we guarantee that your conference experience will run seamlessly. Production value counts when you are investing limited funds and, even more, limited time. We look forward to seeing you at the year's best national family planning conference!

## CONFERENCE ENDORSEMENTS

A variety of reproductive health organizations have endorsed this conference (see brochure cover.) A \$25 discount in the full tuition fee for the complete Main Conference only will be given to members, employees and graduates of these organizations. (*Limit of one organizational discount per person. Discount does not apply to partial registration, to the Preconferences, or to students.*) Please send proof of organization affiliation with your registration and deduct \$25 from the tuition fee. Refunds or credits for the endorsement discount will not be given once registrations are received.

Join NPWH and/or ARHP now and qualify for a tuition discount by calling (202) 543-9693 (NPWH) or (202) 466-3825 (ARHP). After receiving your membership number, simply note it on your conference registration form and receive the \$25 Main Conference tuition discount.

## WHO SHOULD ATTEND?

- ▶ Physicians
- ▶ Nurse Practitioners
- ▶ Nurse-Midwives
- ▶ Registered Nurses
- ▶ Physician Assistants
- ▶ Researchers
- ▶ Health Educators
- ▶ Public Health Professionals

... and anyone else interested in contraceptive management and women's healthcare.

## WHAT YOU WILL LEARN

### This program will enable you to better:

- ▶ Discuss current research as well as recent and future developments in contraceptive technology.
- ▶ Fine-tune your contraceptive management skills, appropriately incorporating new options and prescribing regimens.
- ▶ Recognize early signs and symptoms and discuss clinical management of common and complex challenges in women's health and primary care, including PCOS, vulvar disease, vaginitis, STDs, abnormal vaginal bleeding, chronic pelvic pain, abnormal pap management and others.
- ▶ Describe strategies for helping patients with sexuality and intimacy concerns.
- ▶ Examine off-label uses for contraception which may address women's non-contraceptive health needs.
- ▶ Focus on strategies for working with patients around obesity prevention and management.
- ▶ Highlight the impact of proposed healthcare reform programs on family planning and reproductive health services.

## RAVE REVIEWS

"An excellent conference which includes many women's health issues beyond contraception alone. I plan to return and will recommend to colleagues and residents whom I supervise and teach."

Susan Greger, MD - Farmington, UT

"I encourage more family medicine providers to attend. I guarantee you'll change at least one way in which you care for women."

Lena Vasquez, MD - San Antonio, TX

"I have been attending this conference for years and always take home clinical pearls to incorporate into my practice. Thank you for your commitment to the health, empowerment and reproductive health services for women across the globe."

Cindy Dinsmore, CNM - Allentown, PA

"I have attended many Contemporary Forums' conferences and always leave feeling that they delivered the goods with flair! Professional, informative, fresh and great forethought in planning!"

Deborah Gobel, CRNP - York, PA

"The passion and dedication of the authors/faculty are inspiring and motivating. It's rewarding to be in their company and is a reaffirming experience to be with like-minded professionals."

Anne Russin, NP - New York, NY

"This conference has made me a better clinician. It went above and beyond. I can't wait to get back to my clinic! Many thanks and I'll be back!"

Jenny Lessman, PA-C - Detroit Lakes, MN

## Sexually Transmitted Infections: Clinical Update

San Francisco - Wednesday, March 9

Boston - Wednesday, April 13

- ▶ What is new in the 2010 CDC STD Treatment Guidelines?
- ▶ Is routine screening for herpes appropriate and recommended?
- ▶ When should you be concerned about antibiotic resistant gonorrhea?
- ▶ What are the new headlines on vaginal health and STD-related vulvar disease?
- ▶ Are there new STD screening guidelines for pregnant women?

Attend this Preconference and find out the answers to these and other questions you have about managing STDs in your clinical practice. Presented in affiliation with the California, Seattle and Boston STD/HIV Prevention Training Centers, this Preconference will address screening and treatment regimens based on the new 2010 Treatment Guidelines for a variety of sexually transmitted infections. A case-based approach will help you identify common STD lesions and problem-solve clinical dilemmas with our expert faculty. If a comprehensive clinical update on STDs is what you need, this is the Preconference for you!

### This Preconference will enable you to:

- ▶ Focus on the highlights of the 2010 STD Treatment Guidelines.
- ▶ Detail appropriate screening and management, as well as counseling imperatives, for genital herpes.
- ▶ Explore current data on vaginal microbicide efficacy in relation to STD/HIV prevention.
- ▶ Describe changes in screening for STDs during pregnancy.
- ▶ Improve your skills in clinically managing STDs.

## Long-Acting Reversible Contraception (LARC)

San Francisco - Wednesday, March 9  
 Boston - Wednesday, April 13

Long-Acting Reversible Contraception (LARC), including IUCs and implants, meet the needs of many women for high efficacy against unintended pregnancy, convenience, low side effect profiles, non-contraceptive benefits and patient acceptability. In spite of this, clinicians are often reluctant to recommend these methods due to myths and misconceptions related to medical eligibility and potential short and long-term effects. Join our esteemed faculty panel at this Preconference and learn the latest evidence related to LARC, including the pharmacology, medical eligibility criteria, managing side effects and their use postpartum and during perimenopause.

### This Preconference will enable you to:

- ▶ Discuss the pharmacology of the LARC methods.
- ▶ Identify the non-contraceptive benefits of LARC.
- ▶ Describe management of bleeding and other possible side effects patients may experience.
- ▶ Explain why LARC is a good option for postpartum and perimenopausal women.
- ▶ Explore LARC management through case-based discussion.

## Contemporary Approaches to Menopause Management

San Francisco - Wednesday, March 9  
 Boston - Wednesday, April 13

Menopause continues to be a challenging time in the lives of women and the clinicians who care for them. New evidence, new products, new resources, new opinions...all bombard and confuse us regarding the safe and efficacious approaches for symptom management and long-term health maintenance. This Preconference will highlight key strategies for managing women in the transition and will focus on what's new and exciting in the field of menopause care.

### This Preconference will enable you to:

- ▶ Identify new developments in research and practice applicable to health care for women in menopause.
- ▶ Examine strategies for managing menopause symptoms, including an evidence-based approach to hormone therapy.
- ▶ Discuss appropriate clinical management of vaginal bleeding during perimenopause.

# SAN FRANCISCO

San Francisco ... one of the most fascinating, cosmopolitan and romantic cities in the world. There is so much to see and do -- explore *Fisherman's Wharf* with the frenetic energy of fishing boats, street performers and artists. Watch the African penguin feeding at the *Steinhart Aquarium*, the oldest grand municipal aquarium in America. *Pier 39* is an extravaganza of shops and restaurants, where you'll be amazed at the antics of hundreds of sea lions frolicking and basking in the sun. From here you can hop on a cable car and take in sweeping views of the bay, *Alcatraz* and the *Golden Gate Bridge*.

You won't want to miss *Golden Gate Park* and its gem, the *de Young Museum*, a state-of-the-art facility that integrates art, architecture and the natural landscape and showcases priceless collections of American art and special exhibitions. The neighborhoods of San Francisco offer a special look at the city's ethnic identities. Spend some time in *Chinatown* where fish markets, tea and herb shops and exotic produce stalls spill onto the street, or *North Beach*, the Italian quarter, where you can join locals at an outdoor café for espresso and pastry or wander in and out of the tempting delis, bakeries and pasta houses. For an amazing view of the city's landscape, hike up *Telegraph Hill* to *Coit Tower*.

Your trip to San Francisco would not be complete without a shopping spree and this city offers many opportunities for that! From the delightful boutiques of *Union* and *Chestnut Streets* to the designer shops on *Union Square*, you will not be disappointed.

Evenings in San Francisco are beyond compare as you explore the variety of restaurants, clubs, and theater offerings. San Francisco has a love affair with food and you will find a wide range of cuisines, pricing, and restaurant styles. After dinner, head to trendy *SoMa*, the "see and be seen" club scene where you can duck into a club too cool to post its name above the door or dance at one of the warehouses reworked to stage live music. Or head back to *North Beach* and take in *Beach Blanket Babylon*, the quirky, entertaining and riotously funny musical revue of San Francisco.

Conference headquarters will be the dramatic *Hyatt Regency San Francisco*, with its impressive 20-story garden atrium lobby and a view from every room. Surrounded by a multitude of shops and restaurants, the hotel is within walking distance of many attractions, including the newly renovated *Ferry Building*, bustling with a *Farmer's Market*, gourmet shops and restaurants. From here historic streetcars amble along the *Embarcadero* waterfront with spectacular

# BOSTON

Visit Boston, a city rich in culture and history, and discover why it's one of the most popular destinations in the world. Slip on your walking shoes and stroll past sites that shaped America on Boston's three-mile *Freedom Trail*. While admiring picturesque cobblestone streets and graceful 18th-century buildings, you'll see the *Old South Meeting House*, the *U.S.S. Constitution*, *Paul Revere's House*, the *Old North Church* and more. Or, head to the colorful 19th-century *Faneuil Hall Marketplace* and explore the unique shops, cafes and restaurants.

The conference is scheduled during Boston's most beautiful season -- springtime. Temperatures average in the 70's during the day -- perfect weather for a stroll along the *Charles River* or a visit to the nearby *Boston Public Gardens* for a picnic and *Swan Boat* ride. And, of course, no visit to Boston is complete without enjoying a beverage at *Cheers!*

Enjoy a spectacular display of sea life at the *New England Aquarium*, cheer on the *Red Sox* at *Fenway Park* or get tickets to see the famous *Boston Pops*.

Visit *Cambridge*, just across the *Charles River*, for a look at the birthplace of higher education in America and the home of *Harvard University*. You may even want to extend your stay for a leisurely drive to *Cape Cod* and the islands of *Martha's Vineyard* and *Nantucket* where you can walk the miles of unspoiled beach or play a round of golf.

Located in the heart of historic *Back Bay*, the *Sheraton Boston Hotel* rises above the city, encompassing all the style and class of Boston. The Sheraton offers distinctive service and atmosphere, an indoor/outdoor swimming pool and rooftop patio and a complete range of amenities. Nearby you'll find some of Boston's finest shopping, dining, and entertainment, all within easy walking distance. The boutiques, galleries and cafes of fashionable *Newbury Street*, the upscale shopping at *Copley Place*, and such unique restaurants as *Teatro*, *Mamma Maria's*, *Stephanie's on Newbury* and *No. 9 Park* ... all will enhance your visit to Boston.

views of the *Bay Bridge*. Or you can board a ferry for a scenic trip to *Sausalito* or *Tiburon*, where the quaint shops and restaurants are set in Victorian style along the waterfront and the sunsets are magnificent. The California Street cable car line and Embarcadero BART station are steps from the lobby of the hotel, giving you easy access to all the unique sites and sounds of San Francisco.

Plan to extend your stay and drive one hour north for wine-tasting in the world famous *Napa* and *Sonoma Valley* vineyards, or south down the rugged California coast to Monterey, Carmel and Big Sur for spectacular ocean views. For more information about San Francisco and the surrounding areas, visit [www.sfvisitor.org](http://www.sfvisitor.org).

From quaint *Beacon Hill* to the redeveloped waterfront, Boston offers many attractions for shoppers, restaurant connoisseurs and sightseers alike! For further information, contact the Greater Boston Convention & Visitors Bureau at (888) 733-2678 or visit them online at [www.bostonusa.com](http://www.bostonusa.com).

## Old Town Trolley Tour of Boston

Friday, April 15 • 5:00 – 9:00 p.m.

Board the Old Town Trolley for a special tour through Boston's historic past and urban present. The trolley will depart from the hotel at 5:00 p.m. and take you past the charming sites of Boston including the *Boston Common*, the *Bunker Hill Monument*, the site of the *Boston Massacre*, and much, much more. A stop at *Quincy Market* and *Faneuil Hall* will allow you time to select from many fine restaurants for dinner and to do some shopping. The tour will continue after dinner and return you to the hotel by 9:00 p.m.

Tickets for the Old Town Trolley Tour of Boston are \$34 (which does not include the cost of dinner) and may be purchased when registering for the conference. Reservations must be received by March 24. No refunds will be given after that date. If a minimum number of reservations is not received, this tour is subject to cancellation. If you require special arrangements for this tour, please call (800) 377-7707, Ext. 5252, at least 30 days prior to the conference.
