Deadline for registration is March 3rd for San Francisco and March 24th for Boston. Register early! These sessions will reach capacity quickly!

Join your colleagues at a training program on IMPLANON®, an implantable, progesterone-only contraceptive. During the IMPLANON® Clinical Training Program attendees will learn important clinical data about IMPLANON® and patient counseling. This session includes a hands-on training for insertion and removal procedures as well as localization techniques. Completion of this course will allow the attendee to order IMPLANON® from an authorized distributor(s). The tuition for this training is \$95.

This session, which is sponsored by Merck, is not accredited for continuing education credit. The training is open to advanced practice clinicians with furnishing numbers or prescribing privileges in their state and to physicians only. It is Merck's policy to verify all clinicians' practice, license and eligibility information in advance of the training. Merck will contact the attendee directly if there is a problem regarding this process. Attendees are expected to be present for the entire training. Certificates of completion will not be issued to those who arrive late or leave early.

This training will not be recorded and will not be part of the Online CE Library.
